Sumitomo Electric Industries, Ltd.

Sumitomo Electric Exhibits at GITEX 2019

Sumitomo Electric Industries, Ltd. will exhibit its products at the GITEX, one of the world's largest technology shows held in Dubai, UAE from October 6 to 10, 2019.

GITEX (Gulf Information Technology Exhibition) is a world-class technology exhibition that draws global leaders and representatives in the fields of cutting-edge ICT-related products and technologies that support next-generation trends such as artificial intelligence, robotics, Industry 4.0, drones, smart homes, VR / AR / MR, and IoT.

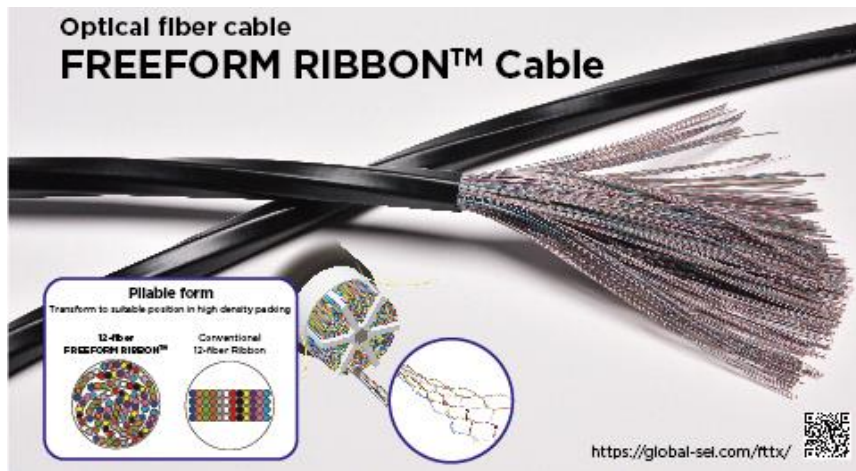

In the exhibition, Sumitomo Electric will present its latest optical fiber cable and demonstrate its fusion splicers and other optical communications products.

We are looking forward to seeing you at Zabeel Hall Z3-C10.
